

## Hymns from Around the World

Friday June 29, 2018

5:30-7:30 p.m.

In the wide world of food, we sometimes limit ourselves to a small range of choices. It's good to have foods and recipes we know and love. It can also be wonderful to discover a new dish or recipe. In the wide world of hymns, it's satisfying to sing what we know and love. But it can be a delight to discover a new song (and it might even become a new favorite...)

God's people praise God in places and cultures different from our own. That's one way we may expand and enrich our image and understanding of God. At Hymns from Around the World there will be some hymns that are likely new to many and also those that are familiar. We may even discover a gem hidden in plain sight.

St. John's will provide beverages and a main course (fried chicken!) Please bring a dish to share--it can be a favorite family recipe or international dish (maybe it's both!) We'll gather to share a meal at 5:30 and then join our voices together--singing from our Episcopal Hymnal 1982 and Wonder, Love, and Praise, as well as songs from other lands and cultures.

We hope you can join us! Maybe you'll discover a new favorite hymn or a new favorite recipe! Bring your family, invite your friends, and share the joy and love that permeates St. John's!
